Nowhere will you find a better location and more grand views than from this duplex home located above the Yampa Valley. True 320 degree views encompass Fish Creek Canyon, Sleeping Giant, Emerald Mountain, the Flattops, and the Steamboat Ski Area. Over 5000 square feet divided into two homes with 4 bedrooms & 4 baths on one side, and 3 bedrooms & 3 baths on the other. The home has been lovingly cared for and was thoughtfully designed with a floor plan offering space and convenience. There are multiple decks in which to soak in the incredible views and serene setting from this quiet and private location. The lot features a mix of mature aspen, pine and oak trees. The neighboring .72 acre lot is available for sale to the buyer of this home.
